

## MISSING DOGS – TUCSON GREYHOUND PARK

The following list of missing Tucson greyhounds was compiled from mostly hand-written and often indecipherable logs of outgoing dogs prepared by TGP personnel. The twelve log pages were included in the Arizona Department of Racing's investigation report obtained by Greyhound Network News. The Greyhound Protection League and GNN exhaustively researched each name. However, because of the original lists, there is a possible 5-to-8 percent margin of error. Any corrections to this original list will appear in red. Owners' names added on 01-11-07.
